

Custom Engine Installations you should expect from Teledyne Mattituck Services... Why settle for less!

For the sophisticated aircraft owner who wants nothing but the best engine installation, there's only one place to go – Teledyne Mattituck Service Centers. Here, your choice of a Platinum, Special Edition, TCM factory new, factory rebuilt, or Mattituck Red Gold engine will be installed, tested and fine-tuned by TCM technicians. This means your engine leaves our customer support center in the best of health. After the installation, we'll even personally train you on the proper operating procedures, which will help your factory engine live a long and healthy life.
